Module Six: Analysis

The initial interview and fact finding process will uncover a client's financial goals and priorities. The analysis and recommendation will differentiate you from other advisors in the marketplace. In this module, you will learn how to:

- Prepare a financial plan and analysis
- Identify opportunities to improve a client's financial situation
- Prepare recommendations to address a client's needs.
- Give full and adequate disclosure of all assumptions made in the analysis
- Be aware of the life insurance policy replacement rules when making changes to current coverage.

*Module Six has been approved by The Institute for 3.0 CE credits.

Development Series Includes:

Modules 1 - 3: Hosted by Advocis Vancouver Island Chapter:
