Advisors Enjoy **Higher** Rate from Manulife Bank

Receive an additional 0.25% in interest rate for your own Advantage Account*, PLUS your trailing commission.

Manulife Bank's Advantage Account offers full liquidity on your funds and one of the highest interest rates in Canada. Starting Dec. 8th, we're improving the Advantage Account even more by waiving daily transaction fees for clients with over \$5,000 in their account at the time of transaction.

We're excited to offer you, our valued advisors, an **EXTRA** 0.25% interest on one of your own Manulife Bank Advantage Accounts (Personal or Business). Manulife Bank's current rates on advantage accounts (plus advisor bonus) are:

Personal: 1.45%* + 0.25% advisor bonus = **1.70%***

Business: 1.25%* + 0.25% advisor bonus = **1.50%***

As an advisor you also have the option to waive all or part of your trailer (0.25%) in exchange for a further enhanced rate (exchange rate is 1:1). Therefore, you could receive an all in rate for yourself of::

Personal: **1.95%***

Business: **1.75%***

To make it easy, these accounts can be opened on BankLink anytime (available through Repsource). Please do not hesitate to contact myself, your Local Banking Consultant, or your Internal Wholesaler, Geri Sinclair-Klack for assistance.
