

Insurance Advisor/ Insurance Broker

Job description

As an Insurance Advisor, you will develop strong relationships with Canadians in need of your help to plan for positive financial outcomes during their working years, retirement years, and for the ultimate estate planning needs of their loved ones.

This is a professional role, that sees you as a self-employed business owner/operator, providing valuable income protection for your clients using life insurance and living benefits insurance (critical illness, disability and long-term care) products and strategic solutions.

What does it mean to be an Insurance Advisor with Global Pacific?

- Being able to run your own business, where there is no limit to your income
- A noble career in which you are protecting Canadians from the financial risks they face in life
- Education and Training programs throughout the year to help you succeed in the various markets you are working in (family, professional, business owners)
- Competitive Compensation & Rewards Programs, such as Education and Marketing Co-Op, Incentive Bonuses that compensate you for actively growing your business
- Insurance and Investment Solutions from a variety of top-rated Insurance Companies
- Professional and courteous sales and administrative support

Successful Candidates will have

- Life and Accident & Sickness Insurance License in good standing (LLQP or working towards)
- Excellent interpersonal and communication skills
- A track record for being able to encourage others to take action
- Solid organizational skills with a focus on achieving personally set goals
- A post-secondary education/degree with some sales experience

Qualified applicants should submit their cover letter and resume online to:
